AWR 167 - Sport Event Risk Management

Natchitoches, La

May 29-30, 2018

Course: AWR 167 - Sport Event Risk Management

This course focuses on building capabilities for multi-agency collaboration. Intact university teams will learn to agree on basic concepts relative to: planning, risk assessment, training, exercising plans, and recovery/ business continuity through scenario-based training modules. The university teams will be composed of specialists from five distinct areas: campus police, athletic department, emergency management, Fire/HazMat, and emergency medical/health services. The expectation is for these leadership teams to return to their respective universities and coordinate development of a sport event security management system. The Sports Event Security Aware (SESA) system, developed by the Center for Spectator Sports Security Management (CSSSM), will be the basis for these back-home developments.

Audience: Athletic facility administrators, campus police, emergency medical/health services, fire/HazMat, local jurisdiction emergency management directors at NCAA Division I, II, and III institutions.

Recommended: Completion of the following courses

- IS – 100 Introduction to Incident Command System (ICS)
- IS – 200 ICS for Single Resources and Initial Action Incidents
