LDWF Deer Hunting Season Closure in portion of Northeast and Central Louisiana Shortened to Five Days

Jan. 2, 2016 – The closure of deer hunting season in a portion of northeast and central Louisiana near the Mississippi River scheduled to begin Sunday (Jan. 3) 30 minutes after sunset has been shortened to five days.

Louisiana Department of Wildlife and Fisheries (LDWF) Secretary Robert Barham has amended the closure, the result of Mississippi River flooding, to last from Sunday through Friday (Jan. 8). Deer hunting will resume 30 minutes before sunrise on Saturday (Jan. 9) unless further measures due to the flooding are necessary. However, land from the levee to the Mississippi River in this area will remain closed until further notice.

The closure will be from the Arkansas state line, east of U.S. 65 to Vidalia, La., and west of the Louisiana-Mississippi border.

Parishes affected by this include East Carroll, Madison, Tensas and Concordia.

Barham is acting under authority granted by emergency provisions of R.S. 49:953 of the
Administrative Procedure Act and under authority of R.S. 56:115.

The Louisiana Department of Wildlife and Fisheries is charged with managing and protecting Louisiana’s abundant natural resources. For more information, visit us at www.wlf.la.gov or www.FishLA.org.
