Public Assistance (PA) Pre-event Documentation Checklist

★ is a Best Practice

NOTES:

- All documents must be legible and permanent.
- Off-site backup of records is a risk management Best Practice.
- Records must be maintained for three (3) years from the date of the final certification of completion of your last project associated with the specific disaster.
- . Banks may not be required to keep their records for more than four (4) years. Check with your bank to determine its retention schedule.
- For any Presidentially declared disaster or grants awarded after December 26, 2014 all Subrecipients (Applicants) must follow the requirements stated in 2 CFR §200 and the cost principles articulated therein.

Notes

Public Assistance (PA) Project Formulation Documentation Requirements Checklist

★ is a Best Practice. Be prepared to have this information at Closeout.

Project formulation is the process of documenting the damage to a facility, identifying eligible Scope of Work (SOW) and estimating costs associated with that SOW for each Applicant project.

NOTES:

- All documents must be legible and permanent.
- . Off-site backup of records is a risk management Best Practice.
- · Records must be maintained for three (3) years from the date of the final certification of completion of your last project associated with the specific disaster.
- . Banks may not be required to keep their records for more than four (4) years. Check with your bank to determine its retention
- For any Presidentially declared disaster or grants awarded after December 26, 2014 all Subrecipients (Applicants) must follow the requirements stated in 2 CFR §200 and the cost principles articulated therein.
