

“Individual
commitment
to a group effort –
that is what makes
a team work, a company
work, a society work, a
civilization work.”

ALL JURISDICTIONS should have access to an Incident Management Team (IMT) to support the management of major, complex emergencies, planned events and disasters.

All-Hazard IMT

(State, UASI, Regional):

- A multi-agency, multi-jurisdiction team of trained personnel from various disciplines within a state or metropolitan region.
- Activated for major or complex incidents that extend beyond one operational period.
- Capable of managing or supporting an extended incident for several operational periods, or until transition to a Type 2 or Type 1 IMT.
- Respond throughout the state or large portions of the state, depending upon state and local laws, policies and regulations.

Local IMT:

- It is a designated team of fire, EMS, Department of Public Works, Public Health and/or law enforcement personnel from a larger and generally more populated area, typically with a single jurisdiction (city, county, or region).
- Activated to manage an incident requiring a significant number of local and mutual aid resources.

Position Specific Training:

- Curriculum developed for the (8) Command and General Staff positions. Offerings posted on the web page.
