

SIEC Tower Site Priority List:

#	SIEC Approved LWIN Site	Date of SIEC Approval	Date of SIEC Minutes	SIEC Meeting Minutes	Site Channel	One Time Cost	Recurring Cost	Recurring Cost	Total Cost	Details	SIEC Action Required
						State Repeater Cost	State-Site Monthly Maintenance	State Motorola Maintenance Contract			
1	New Iberia	7/25/2018	7/25/2018	Bryan Zeringue made a motion to approve the recommendation of a temporary site at New Iberia Police Department as a priority due to public safety issues. The motion was presented with the following conditions: use of existing refurbished repeaters and equipment, cost sharing by the state and New Iberia Police Department, and the coverage study concludes this will serve as adequate temporary coverage solution to the on-street public safety issues. The motion was seconded by Robert Benoit. The SIEC voted unanimously to approve the motion.	6 Channel	120,000.00	2,000.00	29,000.00	151,000.00	Emergency temporary solution will be put in place with outdated repeaters on 100' tower until permanent tower and equipment can be established. Estimated tower lease and T1 cost. \$50,000 state share and \$35,000 local share for temp site.	Purchase with FY18/19 budget SIEC to approve additional funding of \$70,000.
2	Eunice	4/22/2015	4/28/2018 4/22/2015	Eunice site identified and approved. State is waiting to hear back from Eunice Police Department on funding options. M: Eric Deroche 2nd: Sonya Wiley-Gremillion	9 Channel	507,102.00	500.00	29,000.00	536,602.00	Land identified, Kay Radio can build a site within 4-6 months during FY18/19.	Purchase with FY18/19 budget
3	St. George	No Formal SIEC Motion to approve site.	Multiple	This site is discussed initially in conjunction with South Baton Rouge tower site. Both in the TSC and SIEC minutes. Going back 2016, when issue appears in TSC minutes, I cannot find a motion before the SIEC that approves the St. George Site. SIEC is still waiting on final solution to be presented for approval.	9 Channel	77,000.00	500.00	29,000.00	106,500.00	Tower and building no cost to the state. Restricted site only for use of St. George with the exception of the Interop Talk Groups. Funding identified by St. George, Fire marshal with a cost of \$77,000 to the State. PO's from the State pending approval and availability of funding.	SIEC to approve site to add to annual maintenance cost once built. Possible purchase with FY18/19 budget from remaining revenue.
4	Lake Charles	No Formal SIEC Motion to approve site.	4/28/2018	Lake Charles region to fund new site. State to cover maintenance cost.	-	-	-	29,000.00	29,000.00	No cost to state to build or equip. State will add to the annual maintenance cost.	SIEC to approve site to add to annual maintenance cost once built.
5	LSU Kirby Hall	N/A	7/25/2018	The State FP&C is working with LSU to fund relocation of site. Will use capitol outlay funding.	-	-	-	-	-	No additional cost to the state outside of FP&C capitol outlay funding	N/A

1	South Livingston	4/22/2015	4/22/2015	The TSC also reviewed coverage issues in south Livingston Parish, the city of Denham Springs, the city of Eunice, and Morehouse Parish at the March meeting. The TSC verified these coverage gaps and recommends these gaps be addressed as funds become available. Sonya Wiley-Gremillion asked if these sites had been ranked as to priority. TSC Chairman Deroche said the sites had not been prioritized, but made a motion that the sites be approved and will be built out according to the cost of the site requirements and the amount of the funds available. Sonya Wiley-Gremillion seconded the motion. The committee voted unanimously to approve.	9 Channel	507,102.00	3,000.00	29,000.00	539,102.00	State cost for repeater and estimated tower lease and T1. Land identified. Daley Towers can build a site within 4 months during FY 18/19. LWIN is a backup to the VHF primary system.	Add to FY19/20 budget request
2	Morehouse	4/22/2015	4/22/2015 10/22/2014	The following site is also approved but currently has no funding: Morehouse. M: Eric Deroche 2nd: Sonya Wiley Gremillion The Morehouse coverage issue was reviewed by OTS Radio Communications technician Paul Dupree who performed coverage tests in June and did not find any problem areas. Local officials referred him to an approximate two-mile coverage gap near the Arkansas border. Julio Peck stated that he spoke with local representatives of the Morehouse SO and OHSEP and they stated the coverage issue was not a priority for local responders at this time. No further work will be done at this time on the Morehouse coverage issue.	6 Channel	397,220.00	500.00	29,000.00	426,720.00	Tower and building lease, utility costs to be determined. No tower identified.	Add to FY19/20 budget request
3	Logansport	4/26/2017	4/26/2017	After review at the March 7 th meeting, the TSC recommends the SIEC approve the following new LWIN sites contingent upon funding. Logansport, Thibodeaux, and Zachary. Chief Zeringue motioned to approve the sites for construction pending the availability of funds. Rodney Hart seconded the motion. The SIEC approved the motion unanimously.	6 Channel	397,220.00	2,000.00	29,000.00	428,220.00	Includes state cost of repeaters, estimated tower lease and T1 cost. Desoto SO is building a tower and building ETA Dec 2019. Their main system is VHF POC Blake Woodward. Possible free rent pending Sheriff approval. Grand Isle is a separate subject all together. We are hoping that this site(LOOP) helps out with some of the coverage issues they are reporting in Grand Isle.	Add to FY19/20 budget request
4	Thibodeaux	4/26/2017	4/28/2018	After review at the March 7 th meeting, the TSC recommends the SIEC approve the following new LWIN sites contingent upon funding. Logansport, Thibodeaux, and Zachary. Chief Zeringue motioned to approve the sites for construction pending the availability of funds. Rodney Hart seconded the motion. The SIEC approved the motion unanimously.	12 Channel	-	500.00	29,000.00	29,500.00	Thibodeaux PD is providing tower and building. Fire Dept is seeking foundation funding for repeaters. Estimated tower lease and T1 cost for the State.	Add to FY19/20 budget request
5	Zachary	4/26/2017	4/28/2018	After review at the March 7 th meeting, the TSC recommends the SIEC approve the following new LWIN sites contingent upon funding. Logansport, Thibodeaux, and Zachary. Chief Zeringue motioned to approve the sites for construction pending the availability of funds. Rodney Hart seconded the motion. The SIEC approved the motion unanimously.	12 Channel	599,000.00	3,000.00	29,000.00	631,000.00	Need to identify a tower, DEMCO may have a tower that can be used. ZFD Denies Camble POC. Repeater and estimated tower lease and T1 cost for the State once built.	Add to FY19/20 budget request

6	Galliano-Golden Meadow/S. Lafourche (LOOP)	1/24/2018	4/28/2018 1/24/2018	Galliano-Golden Meadow/South Lafourche parish, and Grand Isle [LOOP] coverage issues: i. DPS Radio is Meeting with LOOP to raise the antennas. This should help Grand Isle somewhat. ii. Grand Isle advised to request the use of a portable tower during large events. Galliano-Golden Meadow Lafourche parish coverage issues: i. Lack of portable coverage in this area. ii. Tower has been identified. LOOP is offering at no cost to the state; tower space, building, electrical and backup generator. iii. Coverage maps and inter-mod are still pending. iv. Bill Vincent made a motion to approve the use of and installation of repurposed equipment on Galliano-Golden Meadow LOOP site as proposed by Technical subcommittee. The motion was seconded by Chief Bryan Zeringue. The SIEC voted unanimously to approve the motion.	9 Channel	-	500.00	29,000.00	29,500.00	Will reuse STR repeaters and Motorola will install. Loop tower and building at no cost to state. Locals understand that these repeaters have to be replaced by them when the time comes. State will pay for intermod study about \$5,000, Port Commission will pay for needed equipment and installation.	Add to FY19/20 budget request
7	New Iberia	7/25/2018	7/25/2018	Bryan Zeringue made a motion to approve the recommendation of a temporary site at New Iberia Police Department as a priority due to public safety issues. The motion was presented with the following conditions: use of existing refurbished repeaters and equipment, cost sharing by the state and New Iberia Police Department, and the coverage study concludes this will serve as adequate temporary coverage solution to the on-street public safety issues. The motion was seconded by Robert Benoit. The SIEC voted unanimously to approve the motion.	6 Channel	397,220.00			397,220.00	Need to identify tower, building, and purchase new repeaters. Will swap annual maintenance from temporary site to this permanent site once finalized.	Add to FY19/20 budget request
8	Ouachita	No Formal SIEC Motion to approve site.		This site is discussed in the TSC in 2017/18. No SIEC Motions or approvals can be found.	6 Channel	-	2,000.00	29,000.00	31,000.00	Parish to build site and pay for equipment, no cost to state except for T-1 and maintenance contract.	Add to FY19/20 budget request - SIEC to approve site to add to annual maintenance cost once built.
9	Concordia	No Formal SIEC Motion to approve site.	4/26/2017	Lower Concordia Parish Coverage – A team was sent to this area and testing showed that the area did meet the stated goal of 95% on-street coverage. Sonya Wiley Gremillion asked LSP Radio to provide her with a copy of the results of their testing.	6 Channel	397,220.00	500.00	29,000.00	426,720.00	State cost for repeater and estimated tower lease and T1. No tower location identified.	Add to FY19/20 budget request - SIEC to approve site to add to annual maintenance cost once built.
10	Avoyelles East	No Formal SIEC Motion to approve site.	?	This is not noted anywhere under Avoyelles East. Would need additional information to research.	9 Channel	507,102.00	2,500.00	29,000.00	538,602.00	Tower and building lease, utility costs to be determined. No tower identified.	Add to FY19/20 budget request - SIEC to approve site to add to annual maintenance cost once built.

11	Bossier City	No Formal SIEC Motion to approve site.	4/28/2018 1/24/2018	<p>Bossier City South</p> <p>i. A coverage study was performed and a tower owned by Bossier City was located. Parish is currently working on funding and the Technical Committee recommends approval of site as funding becomes available.</p> <p>ii. One concern is the tower is only 199 feet but it does provide the needed coverage.</p> <p>Bossier City South</p> <p>i. We have documented the tower site that was proposed. SIEC Meeting Minutes January 24, 2018 Page 4 of 8</p> <p>ii. The tower is move in ready, issue is that it is only 199 feet AGL.</p> <p>iii. Bossier City Fire Department is concerned that there is no in building coverage in two nearby schools and multifamily structures in the area.</p> <p>iv. This will provide the coverage that the concerned agency is requesting, but it will not provide maximum overall coverage to all users in that area, only a taller tower in the exact center of the GAP could do that.</p> <p>v. This location would also provide overlapping coverage for the Barksdale AFB.</p>	9 Channel	507,102.00	500.00	29,000.00	536,602.00	Tower and building no cost to the state. Bossier city has to wait for city council to meet and approval, and they are not sure if it would be approved.	Add to FY19/20 budget request - SIEC to approve site to add to annual maintenance cost once built.
