

# Contingency Planning for Sporting Events

This course provides a foundational understanding of ensuring a safe environment for players, staff, and attendees of large gathering competitive events. This course will also include a full Tabletop Exercise on Day 2, allowing participants to shift roles and mindsets through practical application. Participants will also receive foundational and practical knowledge in the following subjects and topics:

- Understanding and Implementing Sports & Entertainment Security
- Pre-event Procedures
- Developing & Refining Action Plans
- Risk Assessment & Threat Identification
- Crowd Management & Access Control
- Post-Incident Considerations

By the end of the course, participants will have received a comprehensive, all-hazard approach to planning an integrated response to address various security concerns for sporting events and large-scale spectator gatherings.
