I. POLICY

A. Employees

In order to maintain the safety and security of its employees and clients, the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) prohibits the possession of firearms by its employees (including those employees referred to collectively in this policy as "management" or "managers") while in GOHSEP vehicles, GOHSEP buildings, and GOHSEP leased office space. Furthermore, GOHSEP prohibits the possession of firearms by its employees in the course and scope of their employment, even if the employee is not in a GOHSEP vehicle, GOHSEP building, or GOHSEP leased office space. This policy applies to all GOHSEP employees regardless of any firearm permit of any kind issued by any federal, state, or local governmental agency.

B. GOHSEP Facilities

No firearms are allowed in GOHSEP buildings except: (1) firearms carried by authorized law enforcement officers in the conduct of official duties; (2) firearms carried by authorized military personnel in the conduct of official duties; (3) firearms kept secured by employees in their personal vehicles, including personal vehicles parked on state property; (4) firearms kept by employees in their homes while working at home and (5) firearms carried pursuant to exceptions granted by the agency Director pursuant to Section VIII of this policy.

II. PURPOSE

The purpose of this policy is to state the policy of GOHSEP regarding the possession of firearms by employees within its facilities and by its employees during the course and scope of their employment.

III. APPLICABILITY

This policy applies to all GOHSEP employees and to all facilities owned, leased, or assigned to GOHSEP.

IV. DEFINITIONS

Firearms include: Handguns, pistols, revolvers, rifles, shotguns, automatic firearms, semi-automatic firearms, air rifles, air pistols, and any other weapon of any type from which any type of projectile can be discharged by an explosion or by expulsion of compressed air.

Unauthorized firearm: Any firearm in the possession of a GOHSEP employee who is inside a GOHSEP building, office space leased to GOHSEP or GOHSEP vehicle, or in the possession of a GOHSEP employee while in the course and scope of his/her employment. Unauthorized firearms shall not include: (1) firearms carried by authorized law enforcement officers in the conduct of official duties; (2) firearms carried by authorized military personnel in the conduct of official duties; (3) firearms kept by employees in their personal vehicles, including personal vehicles parked on state property; (4) firearms kept by employees in their homes while working at home and (5) firearms possessed pursuant to exceptions granted by the agency Director under Section VIII of this policy. Firearms kept by employees in their personal vehicles during working hours or while on state business must be kept in a locked vehicle and must be kept out of sight of passersby when their vehicles are left unattended. Employees should not remove firearms from their personal vehicles during work hours or while on state business.

Emergency: Any situation in which it is reasonably believed, under all the circumstances, that any person in possession of a firearm poses a threat to the safety of any other person. Emergencies include, but are not limited to, situations where a person uses a firearm in any manner, to harm another person or threatens, verbally or otherwise, to do so.

V. EMERGENCIES

When any employee reasonably believes that an emergency exists, as defined in this policy, that employee must immediately contact law enforcement by dialing 9-1-1 (remember to dial 9 first to call an outside line) and report the emergency to law enforcement.

An employee may warn others of the emergency when he or she reasonably believes, under all the circumstances, that such a warning will aid others in avoiding immediate danger.

In an emergency, an employee should not: (1) approach or touch the person in possession of the firearm, (2) attempts to confiscate the firearm, or (3) attempt to carry out an investigation on his or her own.

VI. NON-EMERGENCIES

The following procedures apply to situations, other than emergencies, in which an employee possesses an unauthorized firearm.

A. Notifications

When an employee has knowledge that an unauthorized firearm is inside a GOHSEP building, office space leased to GOHSEP or GOHSEP vehicle, or is in the possession of a GOHSEP employee while in the course and scope of his/her employment, then the employee who has such knowledge shall immediately notify his/her immediate supervisor, Branch Manager, Section Chief, Assistant Deputy Director, or other person up the chain of authority (hereinafter referred to collectively as "manager" or "management") of the presence of the unauthorized firearm.

Any employee notifying management of a violation of this policy should include: (1) the name of the person violating the policy, if known, and a description of such person if necessary for identification, (2) the time when the violation occurred and the location where the violation occurred, and (3) any other information which might be pertinent to the matter.

Under no circumstances should any employee (1) confront the employee suspected of possessing an unauthorized firearm, (2) attempt to confiscate the unauthorized firearm, (3) attempt to carry out an investigation on his or her own, or (4) tell anyone except management about the unauthorized firearm.

B. Investigation

Investigation by a manager should include interviews of witnesses and the gathering of other evidence and documentation of the violation of this policy.

Once a manager has determined that a report(s) of the presence of an unauthorized firearm is more than likely credible, he or she must immediately notify the appointing authority of the employee suspected of possessing an unauthorized firearm.

A manager may, ONLY with the express consent of the appointing authority, question the employee about possession of an unauthorized firearm. This should ONLY be done if the employee's appointing authority reasonably believes, under all the circumstances, that it can be done without creating a risk of harm to any person.

If the employee's appointing authority believes, under all the circumstances, the questioning the employee might create a risk of harm to any person or that the employee may present a risk of harm for any reason, then law enforcement must be notified and asked for assistance in handling the situation.

Law enforcement should be informed:

- Of the name of the employee who is believed to possess an unauthorized firearm, if known, and a description of the employee if necessary for identification.
- That the building has been clearly posted with a "no-firearms" notice, if the employee who possesses the unauthorized firearm is inside a GOHSEP building or GOHSEP leased office space that has been posted with a "no-firearms" notice
- That GOHSEP has a written policy prohibiting employees from possessing firearms in GOHSEP building, GOHSEP leased office space, GOHSEP vehicles or while in the course and scope of their employment
- Of all the information indicating that the employee possesses an unauthorized firearm
- Of the facts and circumstances that suggest that the employee might pose a risk of harm
- That the employee is inside GOHSEP building or GOHSEP leased office space under circumstances where his or her presence is not allowed ("remaining after forbidden") in violation of La. R.S. 14:63.3, if the GOHSEP building or GOHSEP leased office space that has been posted with a "no-firearms" notice.

The appropriate law enforcement agencies to contact are listed in the appendix attached to this policy. The appendix is current as of the effective date of this policy.

The phone numbers listed will be verified by the Office of Human Resources every six months and updated if necessary.

If law enforcement refuses a request for assistance and it is reasonably believed that questioning the employee may create a risk of harm to any person or that the employee may present a risk of harm for any reason, the employee in possession of the unauthorized firearm shall NOT be confronted or questioned in any way.

The investigation should proceed through interviews of witnesses and the gathering of other evidence and documentation of the violation of this policy.

C. Searches of an employee's person and work area

Searches of an employee's person, purse, handbag, brief case, or other similar item in which a firearm could be hidden, for the presence of an unauthorized firearm shall be conducted **ONLY** by law enforcement. This type of search shall not be conducted by management. Search of an employee's work area shall not be conducted by law enforcement when law enforcement has responded to a request for assistance.

If the assistance of law enforcement is not required under this policy, a manager may, with the express consent of the appointing authority, conduct a search of the employee's work area for the presence of an unauthorized firearm.

Searches of an employee's work area should be conducted only when (1) there is a reasonable suspicion that the employee has violated this policy (2) when it is reasonably believed that the search can be conducted without creating a risk of harm to any person. Reasonable suspicion is a belief based on reliable, objective, and articulable facts that would cause a prudent person to suspect the presence of an unauthorized firearm.

An employee's work area includes, but is not necessarily limited to, his/her office, cubicle, desk, credenza, bookcase, computer table, filing cabinet, and all other similar furnishings and appurtenances. An employee's work area also includes the interior, trunk, glove compartment, or other storage area in or on a GOHSEP vehicle. The fact that an employee may store personal items in his or her work area in no way affect management's ability to conduct a search of the work area. **All employees are put on notice that they should not bring any personal items into any GOHSEP building, GOHSEP leased office space, or GOHSEP vehicle that they do not want discovered.**

NOTE: UNDER NO CIRCUMSTANCES SHOULD ANY MANAGER ATTEMPT TO CONFISCATE ANY FIREARM DISCOVERED DURING AN INVESTIGATION INSTEAD, MANAGEMENT SHALL FOLLOW THE POST-INVESTIGATION PROCEDURE SET FORTH IN THIS POLICY.

D. Post-Investigation Procedures

Once it has been determined, more likely than not, that the employee possesses an unauthorized firearm, the employee shall be granted leave (annual or compensatory) to leave without pay and told by a manager to remove the unauthorized firearm from the GOHSEP building, GOHSEP leased office space, GOHSEP vehicle, or from his or her person before returning to work. This should **ONLY** be done with the express consent of the appointing authority when the appointing authority reasonably believes, under all the circumstances, that it can be done without creating a risk of harm to any person.

If the appointing authority believes, under all the circumstances, that instructing the employee to remove the unauthorized firearm will create a risk of harm to any person or that the employee presents a risk of harm for any reason, law enforcement must be called for assistance in handling the situation.

If the employee, after being told to remove the unauthorized firearms, becomes uncooperative, belligerent, or otherwise refuses to comply with the instruction, then law enforcement must be called for assistance in handling the situation. Management shall not attempt to deal with a belligerent or uncooperative, armed employee without the assistance of law enforcement.

The appropriate law enforcement agencies to contact are listed in the appendix to this policy. The phone numbers listed will be verified by the Office of Human Resources every six months and updated if necessary.
