

ICS-300: Intermediate ICS for Expanding Incidents

This course describes how the NIMS Command and Management component supports the management of expanding incidents and the incident/event management process for expanding incidents and supervisors as prescribed by ICS. It also implements the incident management process on a simulated Type 3 incident and allows students to learn how to develop an Incident Action Plan for a simulated incident.

Prerequisites:

IS-100	Introduction to Incident Command System
IS-200	ICS for Single Resources & Initial Action Incidents
IS-700	An Introduction to the National Incident Management System
IS-800	National Response Framework, An Introduction
